INTERNAL MEDICINE

Important to take account:

- I am responsible to study **Handbook for clinical practice** before my clinical practice begins
 - From there I will find a lot of information about health issues, vaccinations, practice rules, timetable etc.

If You have something to ask, do not hesitate to contact:

annika.partanen@kuh.fi

Clinical teacher of Nursing (Internal Medicine and Pre-hospital emergency services)

INTERNAL MEDICINE

In Kuopio University hospital, we are committed to follow the good national and international nursing guidelines and rely our decisions on scientific or reliable evidence

Nursing recommendations and measurements tools are mostly in Finnish

- Recommendations for pain management: <https://urly.fi/YjG>
- Pressure ulcers: <https://urly.fi/Yjj>
- Falls prevention: <https://urly.fi/Yjl>
- Take also look to Terveyskylä!
 - It is innovative virtual hospital of different special fields
 - all of the information bases on evidence
 - A lot of guidelines which will help you when advising patients
